United Health Centers Foundation

Under the Stars

Since 2023, United Health Centers has added three new breast cancer screening systems to its umbrella—an important first step toward expanding cancer screening access for women in our community. Screening is the best first line of defense, diagnosing cancer early, when treatment is most effective. This year's **Under the Stars** Gala will raise private support to further expand breast cancer screening, bringing lifesaving exams closer to home for thousands of women across our Valley.

United Health Centers Foundation invites you to join us for a meaningful and inspiring evening **Under the Stars**—advancing breast care for the women and families who turn to United Health Centers for their care. Sponsor opportunities are enclosed for your kind consideration.

99% Survival Rate
when breast cancer is found
before it spreads

33% of Vulnerable Women
have zero access to screening

1 in 8 Women
will be diagnosed with breast
cancer in their lifetime
