United Health Centers Expands Services with New Health Center in Southeast Fresno

Fresno, CA — October 18, 2024 — United Health Centers (UHC) is proud to announce the opening of its newest health center in Southeast Fresno. Located at 5539 E. Kings Canyon Rd, Fresno, CA 93727, the 3,005 square-foot facility will offer comprehensive medical services, featuring six modern exam rooms and an on-site laboratory to meet the growing healthcare needs of the community.

This remodeled center was formerly the Bautista Medical Group and has now become part of United Health Centers. Patients can feel confident that the same trusted providers from the Bautista Medical Group will continue to offer care at this new location under UHC. This transition guarantees continuity of care while also enhancing services to better meet the needs of the Fresno community.

Building on the success of UHC's Minnewawa health center, the Kings Canyon location will extend vital services to even more Fresno residents. As an essential hub for accessible, high-quality healthcare, the health center ensures that local families and individuals receive the care they need, close to home. United Health Centers remains dedicated to providing healthcare that transforms lives and strengthens communities, and this expansion in Southeast Fresno further underscores our commitment to improving healthcare access for underserved populations across the region.

Services and Hours of Operation

The Kings Canyon health center is scheduled to open on October 21st, with operating hours from Monday to Friday, 8:30 a.m. to 12:30 p.m. and 1:30 p.m. to 5:30 p.m. New patients are now being accepted and encouraged to schedule an appointment by calling 1-800-492-4227, texting 559-424-5863, or visiting our website at www.unitedhealthcenters.org.
