# Our Message

## From the President & CEO and Board Chair

***...it is truly remarkable to know we cared for an astonishing number of new patients while serving 100 communities with over 1,000 employees.***

We are proud of the remarkable accomplishments that our organization has achieved through the last 50 years. Our character as an organization has emerged strong and capable of adjusting to new challenges. During the pandemic, we continue with even greater motivation and optimism on the future. The tremendous role we played in the early months of the pandemic through massive testing events helped to curb the outbreaks in 2020 and laid the foundation to effectively provide the full range of COVID-19 vaccines in 2021. These vaccination efforts proved essential for our patients and our communities to regain a foothold in their economic recovery efforts.

In this year filled with remarkable organizational achievements, the HRSA Review in June stands out as a confirming acknowledgment of our organization's sound foundation and commitment to our mission. Not only would we demonstrate our compliance to the mandated requirements but that our efficiency and thoroughness at managing the numerous challenges would also be worthy of reviewer accolades.

UHC also received other forms of recognition in 2021 with a Top Ten Professional Women's Award for our CEO that acknowledged our recent work providing essential health care services by adding 9 new health centers and leading as a true Employer of Choice organization by hiring over 250 new employees during the years 2020 and 2021. Enjoy other key moments as identified in this report as we supported our communities in their journey of recovery and into better economic and social health.

And, as our 50<sup>th</sup> anniversary year concludes, it is truly remarkable to know that we cared for an astonishing number of new patients while serving 100 communities with over 1,000 employees. It is through the foresight of our dedicated Board of Directors, the very talented executive staff, our brave and determined clinicians and their support crews working together and with our communities that we will achieve a better tomorrow.

**Nicole Thompson**  
*Board Member*

**Irma Cruz**  
*Board Member*

***Irma Cruz is currently serving a second eight-year term as a UHC Board Member.***

I am very pleased to participate again in my second term to represent my community of Corcoran and to actively participate in the growth and development of health care services not only in my City and County but throughout the Central Valley. I was born and raised in Tijuana Baja California, Mexico but moved to the U.S. in 1974, where I became a naturalized citizen and got my first job. Like many others from Mexico, I started working in the fields, but I continued my education in adult school, which led me to a position with the IRS. I received my college degree in Accounting and then went to work for the County as a Bilingual Secretary for 23 years. I have remained a resident of Corcoran for over 40 years, and it is where I met my husband Gerardo Cruz. We are proud parents of 4 daughters and 10 grandchildren. Upon retirement, my husband and I became entrepreneurs owning a video store, pizza parlor, paintball shop, and our own trucking company. In my free time, I enjoy giving a helping hand to the church where I teach Sunday school to children in grades 3<sup>rd</sup> to 5<sup>th</sup>. I was extremely proud of my service as a board member in my first term and look forward to great accomplishments for UHC in the future.

## UHC Promotes Dr. Gregory Williams to Chief Medical Officer

**Gregory Williams, M.D.**  
Chief Medical Officer

*"Medicine is a small part of a person's total life. If we want to have a great impact on the community, we have to be more than just medical providers. We have to be a source for them [the patients] to look to whenever they need help of any type. UHC has all of the tools necessary to accomplish that goal, and I think we are well on our way to doing that."*

United Health Centers is pleased to introduce Gregory V. Williams, M.D., as the Chief Medical Officer for UHC. Dr. Williams will oversee medical department operations, including the development of additional Urgent Care Centers at many of the UHC Health Center locations. Dr. Williams has previous experience in Urgent Care in hospital settings, including the John Muir Medical Center and, most recently, Saint Agnes Medical Foundation in Fresno. Dr. Williams has management experience while serving as Medical Director of Virtual Medicine at John Muir and Saint Agnes Medical Centers. Dr. Williams received his Bachelor of Biological Science - Magna Cum Laude at California State University Sacramento. He received his Doctor of Medicine Degree from Howard University College of Medicine and Medical Residency in Family and Community Medicine from the University of California San Francisco. Dr. Gregory Williams joined United Health Centers in January 2021.

## COVID-19 Testing and Vaccination Program

More than 200,000 vaccinations have been administered by UHC health centers and mobile teams. To those FQHCs across the country, UHC was one of the first that HRSA provided direct vaccine shipments to expedite vaccinations to underserved communities. Our UHC health centers averaged 1,200 vaccinations per week while the mobile teams vaccinated employees at agricultural businesses and sought to create vaccination opportunities for the general public. UHC continued to increase its capacity to serve. Our UHC Marketing Department worked with Counties and Cities on campaign strategies to combat vaccination hesitancy once vaccines became widely available and restrictions were lifted. COVID-19 testing remains an essential tool in combating the spread, and we continue to test with more than 250,000 tests conducted.

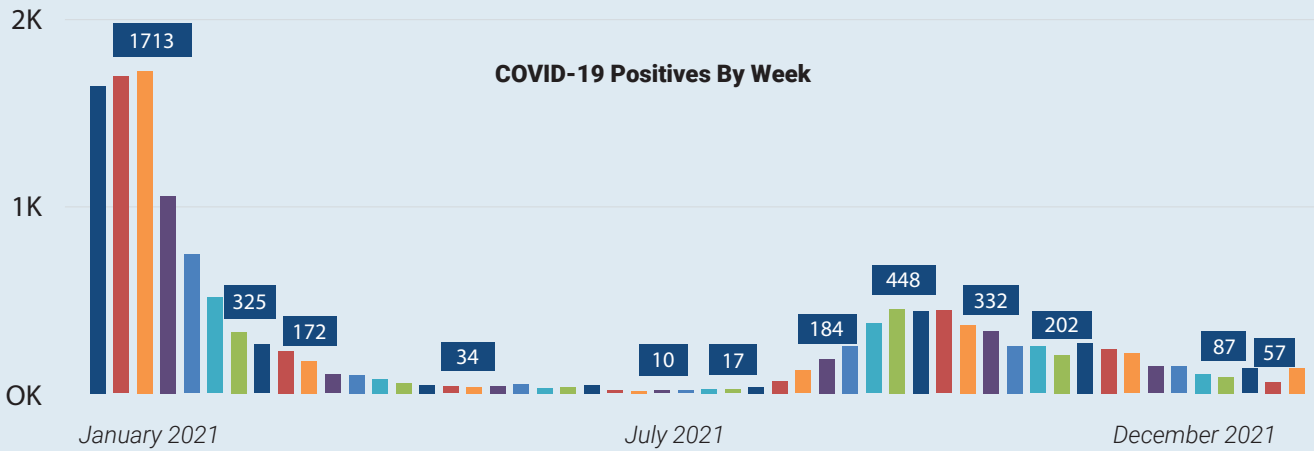

UHC performed COVID-19 tests by using major community events throughout Fresno County, including testing for student-athletes at several schools like Central Unified District on 7 occasions, Fresno City College on 12 occasions, and Sanger Unified District on 18 occasions. Additionally, high school staff at Fresno USD were tested at Bullard High School and McLane High School, Central USD staff at Koligian Stadium, and Learn-4-Life/Crescent View staff were tested both in Lemoore and at the Manchester Center. Thirteen community COVID-19 vaccination events were performed using first and second doses at Koligian Stadium in Fresno and at the Sanger and Parlier High Schools, including children ages 12-18. Single-dose vaccines were also administered to adults at community events on Saturdays at the Mendota health center and the Milburn health center.

*COVID-19 Vaccination at Lyons Magnus*

## Trending COVID-19 Positives

Patients who had a positive COVID-19 test over the course of 2021 who tested at United Health Centers

The total number of vaccinations provided at all UHC health centers including, drive-up vaccinations had reached 108,350. UHC staff also provided convenient opportunities for communities, businesses, and schools to get the recommended COVID-19 vaccinations throughout the year. Many events had focused on school-based athletic programs and instructors

in preparation for returning to the classroom in the fall. Those schools include Fresno City College, Central Unified, Computech Middle School, and Fresno High School. Businesses such as Clawson Honda of Fresno and community events like the Fowler Farmers Market had also been scheduled.

## Top Ten Professional Women Award

### ***UHC President & CEO Becomes a Recipient of the Top 10 Professional Women Award***

*Luncheon at Fort Washington Golf & Country Club*

*Video highlights of recipients at the Chukchansi Park Celebration*

Marjaree Mason Center held the official Award Presentation for its 38<sup>th</sup> Annual Top Ten Professional Women and Leading Business at Chukchansi Park. The Luncheon featured Mistress of Ceremony Graciela Moreno, News Anchor for ABC Channel 30, and Keynote remarks by April Hernandez-Castillo, actress and activist. More than 1,200 guests attended the event held on the Stadium Concourse. Colleen Curtis was chosen as a recipient of the Award. Colleen was also honored in a prior recognition event for the 2021 honorees held at the Fort Washington Country Club.

**This event pays tribute to ten women who have served as role models and given back to their communities, all while making strides in their professions.**  
- Marjaree Mason Center

## Health Resource Services Administration (HRSA) Review

*HRSA Review - UHC Leadership gathered together for the opening morning.*

UHC completed a comprehensive program assessment by the Health Resource Services Administration (HRSA) in three days, from June 23<sup>rd</sup> through the 25<sup>th</sup>. The HRSA Site Review is routinely conducted every three years and is designed to ensure that each Federally Qualified Health Center (FQHC), as recipients of the federal 330 grant, complies with the specific requirements of the grant approved by Congress. George Chatyrka, UHC's HRSA Compliance Director, has worked tirelessly over many months to ensure all requested

documentation was current, accurate, and compliant with HRSA expectations. The review encompassed all areas of the organization's performance, including; the program elements for the UHC Board of Directors, Executive Leadership, the departments of Finance, IT, Operations, HR, Business, and all pertinent patient record keeping, billing, and communications. The review went exceptionally well, and UHC received several accolades on the proficiency of the review.

## Annual Strategic Planning Conference

UHC held an Annual Strategic Planning Conference in Monterey, CA, November 12<sup>th</sup> -14<sup>th</sup>. UHC Board Members, Executive, and Key Staff reviewed the past 18 months covering accomplishments, challenges, and potential changes to the strategic goals discussed when the group last met in 2019. Operations during the pandemic have been very challenging. Yet, there have been numerous accomplishments, including the successful HRSA site review in June and our continued growth with six new health centers in 2020 and another three that opened in 2021. Employment also grew to over 1,000 in 2021 with more than 500 new employees hired over the last two years.

## New Health Centers: *Now Open*

### **Blackstone Health Center** *Opened April 2021*

UHC renovated and restored the historic building into a modern State-of-the-Art health care facility. Construction By: Lions Gate Construction Company Beautiful Design and Furnished Interiors By: Core Interior Systems.

### **Corcoran Health Center** *Opened April 2021*

This new health center replaced the smaller location on Whitley Avenue that opened in 2012. This new building has had a long history of serving as the County Courthouse. UHC renovated and restored the historic building into a modern State-of-the-Art health care facility.

### **Clovis-Shaw Health Center** *Opened December 2021*

This health center opened on December 8, 2021, with a ribbon-cutting ceremony-marking it as UHC's 25th location. A special thank you to Legacy Construction, MG2, and Facility Designs for their work in remodeling this building into a beautiful Health Center in Clovis, CA.

## Chamber Mixers

### **Mixer Celebration: September 16, 2021**

In Collaboration with: Fresno Chamber of Commerce  
Special Appreciation to: Kings River Winery, Blooming Creations, Uplift Balloons, health center staff and all who attended and supported the opening of this new health center.

**Fresno-Milburn Health Center**

### **Mixer Celebration: December 15, 2021**

In Collaboration with: Central California Hispanic Chamber of Commerce  
Special Appreciation to: Pianist Ruben Hurtado, Blooming Creations for providing appetizers, Uplift Balloons for the holiday decor, health center staff and all who attended and supported the opening of this new health center.

## In Our Future for Years 2022/2023

### Fresno-Minnewawa Health Center

### Fresno-Ashlan Health Center

The Fresno - Ashlan health center is located at 2848 W. Ashlan Avenue in Fresno, CA 93705. The renovation of a former drug store of approximately 13,855 square feet. It will offer comprehensive primary care services and include 14 medical exam rooms, 10 dental chairs, 3 optometry rooms, 2 behavioral health rooms, 2 chiropractic treatment rooms and x-ray and laboratory services. It will also feature a separate Urgent Care Suite with 4 treatment rooms. The completion date is anticipated for Spring 2023.

### Fresno-Church Avenue Health Center

The Fresno - Church Avenue health center is located at 5090 E. Church Avenue in Fresno, CA 93725, at Juan Felipe Herrera Elementary School. The project is 1,700 square feet and is planned to include 4 medical exam rooms, 1 behavioral health room, and laboratory services. The completion date is anticipated for Fall 2022.

### Fresno-First Street Health Center

The Fresno - First Street health center is located at 4615 N. First Street in Fresno, CA 93726. The renovation project is approximately 13,488 square feet, with comprehensive primary care services planned to include 12 medical exam rooms, 10 dental chairs, 4 optometry rooms, 1 behavioral health room, 2 chiropractic treatment rooms, and x-ray and laboratory services. The completion date is anticipated for Spring 2023.

### Fresno-Minnewawa Health Center

The Fresno - Minnewawa health center is located at 645 S. Minnewawa Avenue in Fresno, CA 93727. It will be an all-new building of approximately 19,990 square feet with comprehensive primary care services. It will include 22 medical exam rooms, 14 dental chairs, 6 optometry exam rooms, 3 behavioral health rooms, 2 chiropractic treatment rooms with ancillary services to include lab and x-ray. The builder for this location is Legacy Construction Company, and the completion date is anticipated for Spring 2022.

### Hanford Health Center

The Hanford health center is located at 1545 Mall Drive in Hanford, CA 93230. It will be the third location for UHC in Kings County. The renovation project is approximately 8,936 square feet in size with comprehensive primary care services that will include 9 medical exam rooms, 7 dental chairs, 2 behavioral health rooms, 2 chiropractic treatment rooms, and x-ray and laboratory services. The builder for this location is Legacy Construction Company, and the completion date is anticipated for Summer 2022.

### Fowler Health Center

The Fowler - Sixth Street health center is located at 130 6th Street in Fowler, CA 93625. The new building will be approximately 4,950 square feet and the second UHC health center in Fowler. The new location on 6th Street will be adjacent to the Main Street location. It will complement the existing health center with comprehensive primary care services to include 9 medical exam rooms, 2 chiropractic treatment rooms, and x-ray and laboratory services. The completion date is anticipated for Fall 2023.

### Kingsburg Health Center

The Kingsburg health center is located at 1251 Draper Street in Kingsburg, CA 93631. The renovation of an existing building of approximately 5,500 square feet will be the first UHC health center in Kingsburg. It is planned to offer comprehensive primary care services equipped with 7 medical exam rooms, 1 behavioral health office, 2 chiropractic exam rooms, and laboratory services. The completion date is anticipated for Fall 2022.

### Visalia Health Center

The Visalia health center is located at 4038 S. Mooney Blvd. in Visalia, CA 93277. It will be the third location for UHC in Tulare County and the first in the City of Visalia. The renovation project is approximately 17,044 square feet with comprehensive primary care services planned to include 14 medical exam rooms, 12 dental chairs, 6 optometry rooms, 1 behavioral health office, 2 chiropractic treatment rooms, and x-ray and laboratory services. This location will also feature a separate Urgent Care Suite with 3 treatment rooms. The completion date is anticipated for Winter 2022.

## Fight Against Breast Cancer in Partnership with Alinea Mammogram Mobile

In September, the UHC Referral Department partnered with Alinea Mammogram Mobile to perform mammogram screenings for UHC patients at UHC health centers in Fresno County. The purpose was to increase screenings and reach our annual target of 50% of eligible patients by improving access by bringing the mobile unit to rural locations. Alinea's Mobile service typically screens around 20

women daily, but the average daily number rose to 31 screenings a day by working closely with UHC. The program was limited to UHC patients, but word quickly spread among families. In 2021, UHC brought 5 events per month to our health centers in Sanger, Parlier, Kerman, Mendota, and Huron. 1,202 women received mammogram screenings through this critical program.

## UHC Attends Several National Night Out Events

Our local UHC health centers participated in nationally celebrated community events organized by local Police Departments. National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places

to live. The events historically begin on the first Tuesday in August. Several community leaders also attended the events in Selma, Orange Cove, Parlier, Huron, and Kerman. UHC health centers and marketing staff provided essential health and educational information while also performing screening activities.

Orange Cove

Parlier

Kerman

## Corcoran Urgent Care Services Made Possible Through a Generous Grant

On Monday, November 1, 2021, UHC commemorated opening a new urgent care service at our Corcoran Health Center. A grant from the Corcoran District Hospital has provided the necessary funding to begin serving Corcoran residents and its surrounding communities with easy access to urgent health care services on weekends and after-hour care on weekdays at the UHC Corcoran Urgent Care Center. Through this Grant to UHC, Corcoran residents can now obtain ready access to after-hour care for the first time since the local hospital closed its emergency room in 2013.

*Ribbon cutting ceremony with UHC's Deputy CEO Justin Preas, UHC staff, Corcoran Mayor Patricia Nolen, Board Members of the Corcoran District Foundation, UHC Board Members, city and chamber officials, and staff from the local fire and police departments.*

## UHC Hosts Various Blood Drives

United Health Centers hosted several blood drives throughout the year at the administration building in Fresno. In collaboration with the Central Valley Blood Center, staff contributed to raising the critically low blood supplies in the Central Valley. The events were open to the public as well. The blood drives were very successful. Thank you to all who participated!

**“ Here in the Central Valley, we embrace the uniqueness of each person while working together to make it a home for all. A big part of that has been sharing our blood with local people who need it most, from accident and burn victims, to patients battling cancer or receiving organ transplants. ”**  
- Central California Blood Center

## UHC's Community Outreach Remains Unwavering

United Health Centers has a long history of participating in the communities we serve. Collaborating with city leaders to create the best possible experience for our communities is always the primary goal. Ricardo Viveros, Business Development Officer, leads UHC's Outreach Department. The team includes Melida Saldaña, Business Development Manager, and Community Outreach Specialists; Mark Lozada, Abraham Peña, and Jonathan Amezquita. Through collaboration between the Outreach Department and UHC administration's medical staff and medical staff from our various health centers, UHC can successfully plan, set up, and create

memorable experiences for our communities. These community events make it possible for United Health Centers to reach people face-to-face and provide them with information about our services, free blood pressure tests, health information, and prizes. Through outreach events, the department has made over 3,200 personal interactions with potential patients. More than 300 graphic designs were approved for printing and distribution. And there was a 218% increase in the number of people reached via social media with a 130% increase in website visits.

## UHC Awarded the Reedley Beautification Award

United Health Centers received the Reedley Beautification Award from the Greater Reedley Chamber of Commerce. President and CEO, Colleen Curtis, attended the Business & Community Gala hosted by the chamber to receive the award. This award recognizes our beautiful new building in Reedley and highlights our efforts to build state-of-the-art health centers for our patients and communities.

***"Your remarkable new facility [has] improved the aesthetic at the east entrance of [our] town. Congratulations!" - Greater Reedley Chamber of Commerce***

## Congratulations to 2021's UCSF Graduates

Congratulations to 2021 graduating residents who have completed their final year of residency through the UCSF Family Medicine Residency Pathway Program. The Program is a partnership between UCSF Fresno and United Health Centers, allowing residents to train under Program Director, Dr. Juan Carlos Ruvalcaba at UHC in Parlier. Among the graduates are four of the original residents beginning as PG-1 (pictured from left to right): Michael Geiger, D.O., who will remain with UHC; Leandra Conley, D.O.; Program Director, Juan Ruvalcaba, M.D.; Gayane Koshkaryana, D.O.; and Babak Ghavami, M.D. The graduates not pictured are; Omar Sandoval, M.D., and Banujan Balachandran, M.D., who will both remain with UHC, and Mariam Bassali, M.D.

***More than 70% of UHC's medical providers are past UCSF Fresno Family Medicine Residency Program graduates. This partnership has proven to be a great success for both UHC and UCSF Fresno, which greatly benefits rural communities by retaining highly skilled providers to practice in underserved regions throughout the Valley.***

## UHC Provider Featured In the News Segment: "Pros Who Know"

### Dr. Gregory Williams, UHC Chief Medical Officer

On Thursday, July 29, 2021, Dr. Gregory Williams, Chief Medical Officer, recorded segments in the KSEE24 program "Pros Who Know" that will air periodically on NBC and they are also featured on their home page. Dr. Williams recorded three short video segments promoting UHC services with a special emphasis on Urgent Care.

# UHC Employee Softball Tournament

UHC hosted its annual employee softball tournament on Saturday, October 23, 2021, at the Fresno Regional Sports Complex. The all-day sporting event and barbeque featured a total of 10 teams, all made up of UHC employees participating in a double-elimination bracket. "Bad News Bears" played the final game against "Creative Aces," taking the Championship trophy and remaining undefeated throughout the tournament. Congratulations to "Bad News Bears!" Families enjoyed the picnic while cheering for their favorite teams. UHC is grateful to all those who organize and attend this very fun tournament every year.

# UHC Foundation Golf Tournament

**UHC's Deputy Chief Executive Officer is pictured above with Dr. Shankerman's brother, Steven and his niece, Mischa.**

The Annual UHC Golf Tournament was sponsored by the UHC Foundation and held for the 6<sup>th</sup> consecutive time at the Dinuba Ridge Creek Golf Club on Columbus Day. In 2021, it was held on Monday, October 11<sup>th</sup>. The tournament was very well attended, with a maximum of 36 teams in the competition and 145 golfers participating. Proceeds from the tournament are directed to the Dr. Robert Shankerman Scholarship Program. The 7<sup>th</sup> Annual UHC Foundation Golf Tournament has been scheduled for Friday, October 14, 2022, returning to the Dinuba Golf Course.
